The screenshot shows a Google search results page. At the top, there's a navigation bar with links for Web, Images, Groups, News, Froogle, and more. Below the navigation bar is a search bar containing the query "caching server + location of mobile device". To the right of the search bar are two buttons: "Search" and "Advanced Search Preferences". A note below the search bar states, "'of' is a very common word and was not included in your search. [details]".
